No Longer an Experiment, but an Es tablished Fact, Beyond a Doubt, that it Will do What it Claims.

Special Cor. State Chronicle GREENSBORO, N. C., Sept. 5.—I the reader will go back with me about nine months, to last November, you will recollect that I gave to the public the results of my investigation of the Keeley cure for the whisky and morphine habit. It will also be remembered that I said at the time that my only object in doing so was to be of service to our fellowmen, and to bring happiness and joy to the homes of those into which the serpent drink and morphine had so insidiously crept. I predicted at that time, through the columns of the CHRONICLE, that the day was not far distant when those who were sceptical and nonbelievers about the Keeley cure, would be convinced of its great good to humanity, and be ready and willing to speak words of praise in its favor as they were at that

time to speak against. No one who reads this letter can imagine with what pleasure and grat ification it affords me to day to be once again in Greensboro at the Keeley institute after an elapse of nine months since the institute was first established here, and to write about the great good which the Keeley cure has accomplished and how many have been cured of the awful diseases caused by the use of whisky and morphine, and how many loved ones all over the land are to-day sending up prayers and blessings in behalf of Dr. Lesly Keeley, as the original discoverer of a treatment that would cure ninety-five per cent of cases treated with his cure. And right is well known Dr. Keeley first began gratification with the results. In conto administer his great treatment versing with those who are at present be such a blessing to poor, unfortunate or morphine, I hear nothing but words humanity. TO THE PUPLIC

As a matter of justice to ourselves and to the reputation of Dr Leslie E. Keeley a Double Chloride of Gold Remedies for the cure of the Liquor, Oplum, Morphia and Tobacco Di eases and Neurasthenia we warn the public that these remedleare used by no institution or sanitarium in the United States except those establish ed by our company under the uniform name of "THE KEELEY INSTITUTE." All others claiming to use our remedies are frauds and imposters.

We have now sixty Keeley Institutes established in the various parts of the United States, where the Keeley Treatment is administered, and the Keeley remedies sold We. however, caution all to examine well and know that they are dealing with GENUINE REPRESENTATIVES, authorized by us, before taking treatment or purchasing remedies.

The fraudulent establishments use the name of "Bi-Chloride of Gold" or similar titles. The newspapers do not discriminate sufficiently to know that they are imitators, and so put down all accidents occurring at such establishments as being brought about by the Keeley Treatment This is a matter of much concern to us, and

hence this warning. Respectfully Yours, The Leslie E. Keeley Co. CURTIS J. JUDD, Sec'y and Treas. Dwight, Ill., April 30, 1892.
